

Rachael Cristine Consulting

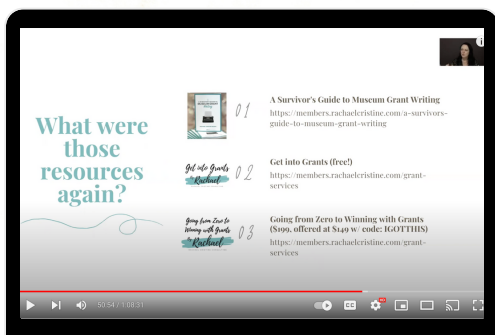

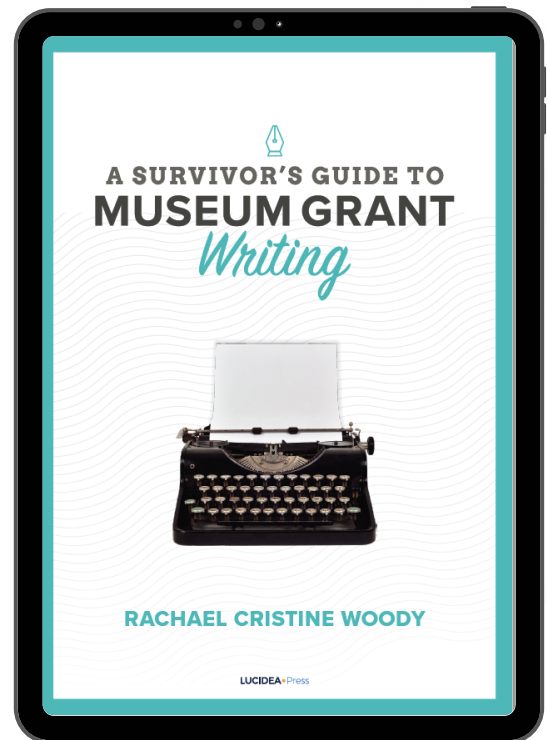

If you know your organization needs to get into grants, but you can't afford to do it yourself, then it's time to work with an expert who can save you time and money. This is an investment in your organization to build a ramp up to grant award readiness. From small local grants, to private foundations, to large federal grants -- I've applied to them all and won.

Author of

This book is for anyone who wants to delve into the grant acquisition process and confidently apply for grant funding. It teaches foundational strategies for competitive grant project creation and offers a pragmatic approach to not just survive the grant writing process, but thrive within it.
